

# PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

**INITIAL EVALUATION:** Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in the student's first sport in a school year, the student is required to complete a physical evaluation. Those students who choose to undergo a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE) must have the appropriate person(s) complete the first four Sections of the CIPPE form. Upon completion of Sections 1 and 2 by the parent/guardian, and Section 4 by an Authorized Medical Examiner, those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. Upon completion, Section 3 may be retained by the student and/or the student's Authorized Medical Examiner.

**SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR:** A student completing a CIPPE, and seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 5 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, of the student's school will then determine whether Section 6 need be completed.

## Section 7: CIPPE MINIMUM WRESTLING WEIGHT CLASSIFICATION

### INSTRUCTIONS

Pursuant to the Weight Control Program adopted by PIAA, prior to the participation by any student in interscholastic wrestling, the minimum weight classification at which the student may wrestle during the season must be (1) certified to by an Authorized Medical Examiner, and (2) established NO EARLIER THAN six weeks prior to the first Practice day of the winter sports' season. This certification shall be provided to and maintained by the student's Principal.

In certifying to the minimum weight classification, the Authorized Medical Examiner shall first make a determination of the student's Urine Specific Gravity/Body Weight and Percentage of Body Fat, or shall be given that information from a person authorized to make such an assessment ("the Assessor"). This determination shall be made consistent with National Federation of State High School Associations (NFHS) Wrestling Rule 1, Competition, Section 3, Weight-Control Program, which requires, in relevant part, hydration testing with a specific gravity not greater than 1.025, and an immediately following body fat assessment, as determined by the National Wrestling Coaches Association (NWCA) Optimal Performance Calculator, Scholastic Edition (together, the "Initial Assessment").

Where the Initial Assessment establishes a percentage of body fat below 7% for a male or 12% for a female, the Authorized Medical Examiner may require that the student wrestle at a minimum weight classification one or more weight classifications above what would otherwise be appropriate based upon the student's Minimum Wrestling Weight, as established by the Initial Assessment. Under these circumstances, the Authorized Medical Examiner may NOT allow a wrestler to participate at a minimum weight classification below that determined by the Initial Assessment.

For all wrestlers, the certified minimum wrestling weight class shall be certified to by an Authorized Medical Examiner. The Authorized Medical Examiner shall initial the minimum wrestling weight class, pursuant to the Initial Assessment.

Student's Name \_\_\_\_\_ Age \_\_\_\_\_ Grade \_\_\_\_\_

### INITIAL ASSESSMENT

I hereby certify that I have conducted an Initial Assessment of the herein named student consistent with the NWCA Optimal Performance Calculator, Scholastic Edition, and have determined as follows:

**NOTE:** Any athlete who disagrees with the Initial Assessment may appeal the assessment results one time by having a second assessment performed. The second assessment must utilize either Air Displacement Plethysmography (Bod Pod) or Hydrostatic Weighing testing to determine body fat percentage. Results obtained at the second assessment shall supersede the Initial Assessment and are automatically accepted; no further appeal by any party is permitted. All costs incurred in the second assessment are the responsibility of those appealing the Initial Assessment. The urine specific gravity testing will be conducted and the athlete will need to have a result of less than or equal to 1.025 in order for the second assessment to proceed.
